

**§ 143B-1335. Financial reporting and accountability for information technology investments and expenditures.**

The Department, along with the Office of State Budget and Management and the Office of the State Controller, shall develop processes for budgeting and accounting of expenditures for information technology operations, services, projects, infrastructure, and assets for State agencies, notwithstanding any exemptions or deviations permitted pursuant to G.S. 143B-1320(b) or (c). The budgeting and accounting processes may include hardware, software, personnel, training, contractual services, and other items relevant to information technology and the sources of funding for each. Annual reports regarding information technology shall be coordinated by the Department with the Office of State Budget and Management and the Office of the State Controller and submitted to the Governor and the General Assembly on or before October 1 of each year.

The State CIO shall not enter into any information technology contracts requiring agency financial participation without obtaining written agreement from participating agencies regarding apportionment of the contract costs.

The State CIO shall review the information technology budgets for participating agencies and shall recommend appropriate adjustments to support requirements identified by the State CIO. (2015-241, s. 7A.2(b).)
